JEREMIAH SMITH

2025 Panini Prizm Draft Picks | Rated Prospect | #160 | Ohio State

SAI-2026-JS-1024-001 | Finalized October 24, 2026

9 MINT

Photo-based condition estimate | Moderate review confidence

CENTERING

No obvious major alignment issue is visible. The asymmetric front design and camera angles prevent a calibrated centering ratio; the reverse looks reasonably balanced.

CORNERS

Corners appear sharp overall, with no obvious folded or heavily rounded corner. Fine reverse-corner detail is limited by the single overview.

EDGES

Possible tiny light flecks or slight roughness appear along the top and left edges, especially in IMG_2537. The photos do not establish whether every bright point is exposed card stock or reflected light.

SURFACE

Fine line-like marks and scattered specks are visible in the dark foil near the Prizm logo and lower border. Dust, reflections, and foil texture cannot be separated reliably from fine scratches in these images. No obvious major crease or dent is established.

REVIEW BASIS

Eight submitted photos were reviewed. The final estimate remains 9 Mint with unresolved surface and edge observations. Possible marks are not represented as confirmed damage. No calibrated centering ratio or independently measured subgrades were assigned.
